TREASURER'S REPORT, 1906

CITY TREASURER'S OFFICE,
CITY HALL, TORONTO, March 31st, 1907.

To His Worship the Mayor:

SIR,—I have the honor to hand in herewith the Annual Report of the Civic Receipts and Disbursements for the year 1906, with the usual supplementary statements relative to the City Debt, the Sinking Funds, and other special accounts as under, all of which have been duly examined, and are accompanied by the Reports of the City Auditors.

1. An abstract of the Receipts and Disbursements for the financial year ending 31st December, 1906.
2. A detailed statement of such Receipts and Disbursements.
3. A statement of Expenditure for 1906 on account of Local Improvement Works and Services, showing separately each class of improvement.
4. A statement of the Current Assets and Liabilities of the City, and condensed Balance Sheet, as on 31st December, 1906.
5. A statement showing the amount of insurance effected on the Corporation property, and the names of the several companies participating therein.
6. A statement relating to the City Debenture Debt in its several branches.
7. A statement of City assessment and other statistics.

The above statements necessarily contain an immense mass of detailed matter, but the Treasurer, after conference with the Board of Control, was instructed to continue these detailed statements as heretofore. At the same time it was suggested that a condensed statement of revenues and expenditures might be compiled and framed somewhat on the lines of the annual Estimates, with distinctive headings, and showing separately (1) controllable and uncontrollable expenditures from current revenue and taxation; (2) capital expenditures; and (3) all mere financial transactions; and in like manner a condensed statement of revenues, showing (1) amount derived from ordinary taxation; (2) amount received from revenues other than taxation; and (3) financial transactions, including proceeds of debentures and receipts from special deposits and investments, bank advances, etc. These condensed statements of revenues and expenditures have been prepared and are herewith subjoined. The details of each item of income and expenditure can be readily traced and found in the detailed statement of receipts and expenditures. I have also prepared and submit herewith a summarized statement of the Water Works receipts and maintenance and capital expenditures for the year 1906, together with a statement of the Water Works debenture debt as on 31st December, 1906.

I also forward statements of the current accounts for 1906 of the Board of Education, the Separate School Board and the Public Library Board.

The financial year commenced with a balance in hand and in banks amounting to \$759,563.28, and the receipts from the ordinary revenues, taxation, sale of debentures, etc., amounted to \$11,180,455.60. The disbursements, including redemption of debentures and sinking fund investments, amounted to \$10,958,107.67, leaving at the close of the year a balance of cash in hand and in banks (including sinking fund deposits) amounting to \$981,911.21.

REVENUES AND EXPENDITURES AND UNPROVIDED APPROPRIATIONS, 1906.

There were shortages in some of the revenues as estimated, and surpluses in other items, but taken altogether the actual revenues were in excess of the amount estimated by \$28,918.

When the magnitude of the City's financial affairs is considered, the difference between the Estimates of Revenue for 1906 and the actual Revenue received is small. After the passage of the Estimates the Council found it necessary to make supplementary appropriations to the amount of \$102,428.

After deducting the excess of revenue the net deficit is \$73,510.

The following statement shows the amount of unprovided expenditures and liabilities incurred subsequent to the passage of the Estimates of last year.

Uncontrollable	\$2,699 00	
Board of Control	7,487 00	
Board of Works	70,747 00	
“ “ Water Works Branch	19,077 00	
Parks and Exhibitions	2,418 00	
		————— \$102,428 00

The remarks which accompanied the presentation of the Civic Estimates last year, the very full discussions which attended their consideration, and the statement which, as heretofore, accompanied them, render it unnecessary to go into any further consideration of the latter at the present time.

THE CITY DEBT.

I beg to draw special attention to the City Debenture Debt Statements, containing an analysis of the whole of the bonded debt of the City, set forth in full detail with great elaboration, exhibiting under distinctive headings of “General,” “City's Share of Local Improvements,” and “Local Improvement” Issues, which are severally and minutely analyzed as to the issue being in currency or sterling, the purpose of the same, the numbers of the Debentures, the numbers of the By-laws, the rates of interest, and the dates of maturity, thus enabling every Debenture holder at once to locate his Debenture, and trace it from the date of its issue to that of its maturity.

General Debentures to the amount of \$905,846.66, and Local Improvement Debentures, including the City's share of local improvement works and services, to the amount of \$264,553.68, were retired last year, aggregating \$1,170,400.34.

Local Improvement Debentures, including the City's share of local improvement works and services, amounting to \$739,904.41, were issued last year.

General Debentures, amounting to \$1,776,223.93, were issued last year (being the authorized issue of the previous year).

The following will mature during 1907.

General (late Town of Parkdale)	\$29,409 00
Local Improvement (including City's share)	384,601 64
	<hr/>
	\$414,010 64

The bonded debt of the City on the 31st December last was \$25,412,644 06.

1. General City Debt	\$17,858,992 35
2. City's share of the cost of Local Improvement Works (including Toronto Railway)	2,527,806 37
3. Ratepayers' share of cost of Local Improvement Works	5,025,845 34
	<hr/>
Total	\$25,412,644 06
Deduct Sinking Funds on hand	7,176,105 56
	<hr/>
Net Debt	\$18,236,538 50

General Debentures to the amount of \$1,617,119.33 have been authorized, but not negotiated.

Of the above debt, a portion was expended in works and services which are revenue producing or specially rated, as follows:

1. Water Works	\$5,054,263 21
2. New Esplanade Loan	356,000 00
3. Exhibition, New Permanent Buildings	595,500 00
4. Street Railway Pavement Loans	363,620 47
5. Local Improvement Loans (specially rated) ...	5,025,845 34
	<hr/>
Making together	\$11,395,229 02

The sinking funds annually set apart pursuant to statute will be sufficient to pay off the debentures as they mature, save and except the debentures authorized to be renewed under the old Consolidation Act.

BORROWING POWERS.

The borrowing powers of the City are regulated by statute. The debt is limited to 12½ per cent. on the first one hundred million dollars of all the assessable property in the municipality, and to 8 per cent. on the excess of assessment over that amount. In computing the margin of the City's borrowing powers, the Water Works debt being a revenue producing investment, and the Local Improvement debt being specially rated, are not counted. After

making these allowances and computing the debt on the assessment for 1907, there is still a margin of over \$4,000,000 available for further additions to the debt.

CITY ASSETS AND REVENUES.

In considering the City debt, the value of the property and other assets possessed by the City should not be overlooked. The estimated value of this property is over \$18,000,000, and a large amount of it is revenue producing. This valuation is exclusive of all the public works and services of the City, which have been provided at heavy cost to the taxpayers, and, though not available assets, are required for public use and convenience. The water lots owned by the City, the walks and gardens and other leasehold property, with the Market Block Property, yield an annual revenue of about \$150,000, which will increase from year to year as the leases mature and are renewed. This revenue from the City properties, exclusive of the Water Works at 4 per cent., represents a capital of nearly \$3,750,000. In addition, during the current year it is estimated that the City will receive a revenue from licenses, police court fines, cattle market and weigh house fees, and the street railway service, etc. (exclusive of that derived from the Water Works), of about \$881,057. The estimated revenue this year from the Water Works is \$510,000.

These, with other revenues, make the estimated annual revenue of the City for 1907, \$1,541,057. Adding to this special receipts amounting to \$63,540 makes the total amount available \$1,604,597, exclusive of the amount raised by taxation.

This added to the estimated revenue to be received from general taxation and local improvement rates, together amounting to \$4,009,744, make the aggregate estimated revenues from all sources \$5,614,341.

THE STREET RAILWAY REVENUE.

The receipts from the Street Railway earnings continue to increase. In 1905 the City's share of the revenue amounted to \$366,688, and in 1906 to \$427,408, the increase being \$60,720.

The number of passengers carried in 1906 was 76,958,486, an increase of 9,076,800 over 1905, which yielded gross earnings amounting to \$3,109,739, being an increase of \$362,415 over 1905. The number of transfers for 1906 was 28,159,958, an increase over the previous year of 3,033,806. The financial statement to 31st December, 1906, shows a net profit of \$897,061, or an increase over that of 1905 of \$174,481. Out of the net profits for 1906, four quarterly dividends of 1½ per cent. each, aggregating \$460,241, have been declared, which leaves \$255,854 to be carried forward as at 1st January, 1907. The mileage run in 1906 was 13,758,427, an increase over 1905 of 466,241 miles. The estimated revenue to the City for 1907 is: Mileage, \$80,500; percentage, \$402,500; total, \$483,000.

The Company's *net earnings* were \$1,463,224, an increase of \$276,337 over the net earnings of 1905.

The following statement shows the revenue from the Railway Company since the present Company obtained the franchise in 1891:

Year.	Mileage.	Percentage.	Total.
	\$ c.	\$ c.	\$ c.
1891 (four months)	18,135 00	22,967 00	41,102 00
1892.....	55,134 00	65,239 00	120,373 00

1900.....	64,000 00	127,128 00	191,128 00
1901.....	*68,000 00	145,209 00	213,209 00
1902.....	70,274 00	165,173 00	235,447 00
1902 (arrears of mileage).....	37,236 00	37,236 00
1903	71,986 00	206,934 00	278,920 00
1904.....	73,874 00	249,511 00	323,385 00
1905.....	73,982 00	292,706 72	366,688 72
1906.....	78,445 00	348,963 00	427,408 00
1906 (arrears of mileage).....	2,520 00	2,520 00

* A portion of the mileage receipts was for arrears.

No effort has been spared by myself and the members of my staff to protect the interests of the Corporation, and the revenues and expenditures have been carefully scrutinized and administered on lines of the strictest economy.

I trust the Report, with the several supplementary statements, which year by year it is the earnest desire and endeavor of this Department to render more full and explanatory, will commend itself to the approval of the Council.

I have the honor to be, Sir,

Your obedient servant,

R. T. COADY, F.C.A.,
City Treasurer.

AUDITORS' REPORT, 1906.

To His Worship the Mayor and Council of the Corporation of the City of Toronto :

GENTLEMEN,—We beg respectfully to submit the following final report of our audit of the books and accounts of the Corporation of the City of Toronto for the year ending 31st December, 1906 :

RECEIPTS AND DISBURSEMENTS.

We have examined the City Treasurer's Annual Abstract Statement of Receipts and Disbursements for the year, and compared it with the books of the Treasury Department, and found them to agree. The receipts from all sources, including the balance on hand at the beginning of the year, amounted to \$11,940,018.88, and the disbursements to \$10,958,107.67, leaving a balance on hand and in banks of \$981,911.21, including \$617,692.42 of Sinking Fund moneys.

ASSETS AND LIABILITIES.

We have also compared the Treasurer's Annual Statement of Current Assets and Liabilities on December 31st, 1906, with his books of account, and found them to agree, the liabilities being \$4,609,834.66, and the assets \$4,534,426.47, leaving a deficit of \$75,408.19.

DEBENTURE DEBT.

The Debenture Debt of the City on 31st December, 1906, was as follows :

General Debt—

City	\$17,629,673 35	
Parkdale.	229,319 00	
	<hr/>	
	\$17,858,992 35	
City's share L. I. Works	\$2,164,185 90	
“ Toronto Railway.	363,620 47	
	<hr/>	
	2,527,806 37	
	<hr/>	
		20,386,798 72

Local Improvement Debt—

Ratepayers' share :

City	\$5,014,392 62	
Parkdale.	11,452 72	
	<hr/>	
		5,025,845 34

Total Gross Debenture Debt carried forward 25,412,644 06

Brought forward	\$25,412,644 06
Deduct cash and debentures at credit various sinking funds :	
Cash	\$617,692 42
City Debentures purchased with sinking fund money	6,557,926 47
Invested in Dominion of Canada stock, 4%	486 67
	<u>7,176,105 56</u>
Total Net Debenture Debt.....	\$18,236,538 50
Net general Debenture Debt (including City's share of Local Improvement Works and Toronto Railway pavement debts)	16,502,701 33
Net Local Improvement Debenture Debts (rate-payers' share)	1,733,837 17
	<u>18,236,538 50</u>

ENUMERATION OF AUDITS.

In addition to the regular monthly audit of the books and accounts of the Treasury Department, including the registers of the arrears of taxes, we have audited those of the Board of Education (comprising the Collegiate Institutes, Public Schools and Technical School), Police Court, Public Library, Toronto Railway Co. Receipts, Weigh-houses, Medical Health Department, and General Licenses.

ARREARS OF TAXES.

The registered arrears of taxes up to 31st December, 1904, remaining unpaid 1st May, 1907, amount to \$464,016.62, including the arrears of lands taken over by the City, which amount to \$448,427.44. The rolls for 1905 have not yet reached us.

SINKING FUND SECURITIES.

We have examined a statement as of December 31st, 1906, received from the Bank of Toronto, of the City debentures and other securities held by the City as investments of sinking fund moneys, and deposited in that bank for safe-keeping ; and found it to agree with the sinking fund accounts in the Treasurer's ledger.

TORONTO RAILWAY COMPANY.

The gross receipts of the Toronto Railway Company for the year 1906 were \$3,104,154.52, on which the City's percentage amounted to \$348,963.48. The City also received from the company for mileage, \$78,445.08. Increase of gross receipts over those of previous year, \$365,306.84.

CITY TREASURER'S GUARANTEE BONDS.

As required by statute, we have examined the bonds furnished by the City Treasurer as a guarantee for the due performance of the duties of his office. They are as follow :

The London Guarantee and Accident Co.	\$10,000 00
Guarantee and Accident Co. of North America.	10,000 00
American Security Co., of New York	5,000 00
The City Treasurer.....	20,000 00
Three personal bonds from parties of undoubted financial standing	20,000 00
<hr/>	
Making a total of	\$65,000 00

The premiums have been duly paid by the City on the bonds issued by the above named companies.

During the year the books of the Treasury Department have been well and correctly kept, and the vouchers satisfactorily arranged for our inspection.

We have the honor to be, gentlemen,

Your obedient servants,

WM. ANDERSON, F.C.A.,	}	<i>City Auditors.</i>
W. W. JONES,

Total Insurance			\$2,334,570

It is agreed that the terms "building," "machinery" and "contents," and the specified sums insured thereon, shall apply as follows, except in cases in which any of the items below enumerated are specifically insured : On "building," (a) to the buildings, their foundations and fittings in the nature of platforms, steam, gas, water pipes and fittings, heating apparatus and piping, elevators and all permanent fixtures and fittings attached thereto, electric wires and apparatus, speaking tubes and telephones ; on "machinery," (b) to machines, including engines and boilers, attachments and belongings thereto, shafting, gearing, belting, pulleys, electric apparatus, tools and implements of all kinds used in such buildings ; on "contents," (c) to office fixtures and furniture, and furniture of all descriptions, gasaliers and fittings, and stationery, office supplies, including books, pictures, paintings and engravings, statuary and works of art, safes, beds, bedding and house furnishings.

In the items covering "Waggons, Carts and Harness," no larger sum than \$150 will be claimed for any one watering cart, nor \$100 for any one waggon, nor \$50 on any one cart, nor \$25 on any one sett of single harness, nor \$40 on any one sett of double harness.

It is understood and agreed that each of the described items of the above schedule marked * is subject to the following proviso : In the event of loss the amount insured under this item shall be held to attach to each of the described properties which may have been damaged or destroyed in the proportion which its value bears to the whole value of all the property insured under said item.

Regarding furniture, &c., at the City Hall, the marble stand and bust of the Prince of Wales (the present King) is covered to the amount of \$300, the large portrait of Her Majesty the late Queen to the amount of \$500, the framed portraits of ex-Mayors and of the former Reeve of Yorkville, also of Rev. Dr. Scadding, Mr. J. J. Withrow, Dr. Andrew Smith and Mr. and Mrs. Howard, to the amount of \$200 each. The painting "Return of the Harvesters" is covered to the amount of \$1,000, and the painting "Dawn of Majuba" to the amount of \$800. The paintings "Emerald Lake," "Kicking Horse Pass," and "Evening in the Glacier Ranges, New Zealand," are covered to the amount of \$300 each. On no other picture will a larger sum than \$100 be claimed.

Permitted to hold or effect other insurance, or to increase, decrease or cancel without notice until required by Insurance Companies.

Permission granted to assured to make ordinary repairs and alterations for twenty days at any one time, without notice and without extra charge ; also for the use of benzine and naphtha, not more than one gallon of both to be permitted in any building at any one time.

Insurance on steam engines, chemical engines, hose reels, hose, water towers, hook and ladder trucks, and other fire appurtenances, is held to apply whether in buildings described in policy wording as containing same or in any other Fire Hall or premises in the municipality.

It is agreed that watchmen or a watchman with watch clock will be on duty on the Exhibition Grounds and at the Cattle Market during currency of this insurance.

This policy also covers direct loss or damage by lightning to the property insured (meaning thereby the commonly accepted use of the term "lightning," and in no case to include loss or damage by cyclone, tornado or wind-storm) whether fire ensues or not ; but if dynamos, exciters, lamps, switches, motors or other electrical appliances or devices are insured, it is made a condition of this contract that any loss or damage to them such as may be caused by lightning or other electrical currents, artificial or natural, is expressly excluded, and that this Company is liable only for such loss or damage to them as may occur from resultant fire or fire originating outside of the machines themselves. It is also understood and agreed and made a condition of this contract that if there is other insurance upon the property damaged, this Company shall be liable only for such proportion of any direct loss or damage by lightning (except as above stated) as the amount hereby insured bears to the whole amount insured thereon, whether such other insurance is with a similar clause or not.
